OUR STORY

From Bicycle-Delivered Goli Soda in 1990 to 207+ Factories Today – India's Fastest Growing Beverage Brand.

Invest in Freshco, Invest in Legacy!

1979

A Vision is Brewed

What began as a small tea shop in Karwar, Karnataka, by a visionary entrepreneur from Kerala, laid the foundation for a family legacy rooted in taste, trust, and innovation.

1990

The Spark That Started It All

Our grandfather, an agriculturist by profession, followed his passion to craft authentic Goli Soda. From a humble shed beside our home, he hand-filled each bottle and delivered them by bicycle.

This humble fizzy drink became a neighborhood favorite –and gave birth to what is today known as Freshco.

Teago Logo Launched by the Iconic
Puneeth Rajkumar
A Moment Cherished Forever.

2007

Scaling Borders

The family's ventures grew beyond India with supermarkets and food businesses in Saudi Arabia, proving our capability to scale and adapt to global markets.

2015

A Modern Twist

With the launch of Kafetoz, we modernized our beverage experience, reaching younger audiences while staying true to our roots.

2018

The Revival of a Legacy

We reintroduced our grandfather's Goli Soda factory in his hometown –blending his timeless recipes with advanced production. The result: high-quality, in-house crafted flavors that preserved nostalgia while embracing the future.

2024

Freshco Franchise: India Embraces the Fizz

After five years of focused R&D, we launched the Freshco Goli Soda Franchise Model.

A perfect blend of traditional charm and modern business systems, Freshco became a rewarding opportunity for passionate entrepreneurs across India.

India's Fastest Growing
Beverage Brand by the
**India Excellence

Financial Status

Target bottles per day (60 Trays)	: 1440
Liquid volume required per bottle	: 40 ML
Liquid needed for 1,500 bottles	: 60 Liter
Number of bottles produced by 60 Liters	: 1500

Note: No need to add sugar or anything in the liquid we provide, Only need to fill Carbonated water into it.

RAW MATERIAL COST

1 liters of liquid cost	: 75
liters of liquid required to prepare 1,500 bottles	: 60
60 liter liquid cost (60 X 75)	: 4,500
Liquid cost per bottle (€ 4,500 / 1,500 bottles)	: 3
Liquid cost per day (1,440 bottles x 3)	: 4,320
Margin per bottle @selling price of 15 to retailer without operational cost	: 85%

OPERATIONAL EXPENSES

Machine capacity (Bottles Per Minute, BPM)	: 6 BPM
Duty hours to prepare 1,500 bottles	: 8 hours

STAFF REQUIRED & SALARY PER DAY

Goli Soda maker -1	: 500.00
Helper -1	: 400.00
Cleaning ladies staff - 4 (4 X 300 = 1,200)	: 1,200
Driver - 1	: 500.00
Marketing Executive -1	: 500.00
Sub Total-1 per day	: 3,100.00
Sub Total-1 per bottle	: 2.15

STATUTORY EXPENSES PER DAY

Factory Rent (600 sft)	: 400.00
Electricity consumption bill expenses	: 100.00
Vehicle Diesel	: 500.00
Carbonated Gas	: 100.00
Sticker Cost (40 paisa X 1,440 bottles = 576.00)	: 576.00
Royalty (@75 Paisa per bottle X 1,440 bottles)	: 1080.00
Sub Total-2 per day	: 2,756
Sub Total-2 per bottle	: 1.91

GROSS TOTAL PER DAY

(Sub Total-1 + Sub Total-2 + Liquid cost day)	: 10,356.00
GROSS TOTAL PER BOTTLE (10,356 / 1440 bottles)	: 7.19
Miscellaneous Expenses (31 Paisa per bottle)	: 0.31
Therefore Net Total Expense Per Bottle (7.19 + 0.31 = 7.50)	: 7.50

Selling Price per bottle for the retailer	: 15.00
Profit margin per bottle	: 7.50
Profit in 1440 bottles or 60 tray (1,440 X 7.50 = 10,800/-)	: 10,800

PROFIT PER MONTH

Every Sunday is a holiday for the factory. So we have considere only 25 working days.

10,800 X 25 Days: Rs 2,70,000/- : 2,70,000/-

(This profit calculation is only from Goli Soda Glass bottle, apart from this there are multiple products which is shown on next page which can be sold along with this product)

The above calculation is based on our factory expenses and may vary depending on the location.

Freshco 6 BPM two head
